# Add a Class

There are three steps to enroll in classes:

Add a Class

Under the enroll tab of Student Center, the add section allows you to add classes for the term selected.

You can enter a specific class number or find classes to add using Class Search, My Requirements, or My Planner. Each of these options are explained below.

Class Search

Select a Class

Class Search allows you to enter search criteria to find classes to select. The results are listed by department and course number.

After selecting a class from the results, the enrollment preferences screen provides a review of the course information and if applicable allows you to join the online wait list if the class is full, enter a permission number, or change the grading option. Select next to add the class to your shopping cart.

Confirm Your Request

The class is now in your shopping cart. Any classes you add to your shopping cart will remain there during your enrollment period until you complete all three steps.

You can add classes one at a time to ensure that you finalize the request while the class is still available.

Finish Enrolling

Click Finish enrolling to complete your class request.

Look for the green check mark ✔ confirm that you successfully finished enrolling.

If a red ✘ or an error message is shown, please refer to the frequently asked questions page for more information.

Add Classes

2. Confirm classes

Click Finish Enrolling to process your request for the classes listed below. To exit without adding these classes, click Cancel.

Fall 2015 | Undergraduate | Cornell University

My Requirements

Note: Not all degree programs have been set up to display academic requirements or degree progress in My Academics. Please contact your college registrar's office with questions.

Select a Class

Classes can also be added by searching via My Requirements. Classes that can satisfy unmet requirements are listed.

After selecting the class you want to use to satisfy the requirement, the course detail page shows class information and any possible time sections.
