My Advisees

The My Advisees page lists your advisees alphabetically and provides a link to their picture.

Clicking the view student details link brings you to the Student Center tab for the student.

Clicking the view records link (if available) accesses student records in ESR. Questions about the ESR student record should be addressed by the students' college registrar. Information on supported browsers can be found here.

Other Students

View data for other students allows you to search for former advisees by ID number, name, or NetID.

Student Center

Student Center

Through the Student Center tab you can view most of what your advisee can see in their view of Student Center. You can change advisees directly from the drop down menu.

From this tab you can view personal information such as address and email and can also review their current class schedule.

You can quickly see any holds or milestones for the advisee. The details link will provide more information about the hold or milestone. From the detail page, clicking on the hold provides more information about it. The milestones section shows specific requirements (e.g. Swim Test) and their completion status.

Shopping Cart

From the Shopping Cart link of the Student Center page, you can see the classes your advisee has placed in their shopping cart and the classes in which they have enrolled.

My Planner

From the My Planner link of the Student Center page you can view your advisee's planner. The My Planner tool allows students to add courses from their requirements or by browsing the course catalog.

With this feature you can help advisees plan future semesters (although the course may not be offered in the semesters the student adds them to). Students do not need an enrollment period to make changes to their Planner.

Academic Requirements

You can view Academic Requirements from the other academic drop down menu, shown on page 2. Advisee Requirements shows the status of satisfied or not satisfied, and the courses that would fulfill each requirement.

During their enrollment period students can add classes directly from their requirements. At any time students can add classes to their Planner from the academic requirements tool or the Course Catalog within PeopeSoft.

Note: not all degree programs have been set up to display academic requirements.
